MY JOURNEY FOR GOD’S WORK IN INDONESIA

The year of 2013 has gone by much faster than I thought. It was a year of continued God’s grace as I labored for the Lord among my own people. I was not in the best physical condition and without proper physical rest, I contracted both the stomach flu and throat infection as I preached and witness for the Lord from churches to churches. What was amazing was the fact that the power of darkness would attack me prior to every preaching. Then, as I prayed the Holy Spirit would take over my body and all my stomach flu and super ticklish throat disappeared and I was able to preach smoothly to the end of every preaching session. The battle between the light and the dark in my body was obvious. As satan tried to obstruct me from preaching, the Holy Spirit would come to my aid and help me to finish preaching and finalized His own work. Nonetheless, God’s grace will always be sufficient for me, as the Lord accompanied me throughout “my preaching journey”.

As the Holy Spirit began to work in every church, where I was sent to preach and witness for Jesus, many precious souls were saved. Tears of repentance among those who stood up in prayers as I called upon their repentance, mark the work of the Holy Spirit, as the seeds of the gospel of Jesus Christ were sown in their hearts. Amidst my physical exhaustion as I labor to witness for Jesus, comes the absolute sweetness of seeing precious souls, being snatch from the hand of satan to be translated from darkness into light, as they enter the kingdom of God through their repentance.

Indeed, it is a blessing and a privilege to labor for Jesus, and to witness many desperately needing Christ, where our Lord mentions that “the harvest truly is plenteous but the laborers are few”(Matthew 9:37). May we all be willing to labor for Jesus “into His harvest”. Amen.

FELLOWSHIP IN MY SISTER MEGA’S HOUSE

The gathering in my sister Mega’s house was smaller in numbers, but the Holy Spirit was equally working to save precious souls. In the first meeting, there was a young man, a taoist priest who argued continuously without any desire to accept Jesus. It is sad to see anyone

rejecting Jesus Christ as their saviour. However, amidst his argument, there was a young lady who was listening intently beside him that the Holy Spirit was working upon. She came very humbly to me and requested how to be saved. As I offered to pray with her, she accepted the Lord with tears of repentance. I am amazed at such a contrast of attitude and yet it was a blessing to see even 1 precious soul being saved in this meeting. Indeed, the humble attitude of this young lady reminds me of the beatitudes that says “blessed are the poor in spirit: for theirs is the kingdom of heaven” (Matthew 5:3).

In another meeting, among the Chinese speaking fellowship, many stood up as I called for their repentance and prayers for accepting Christ as their personal saviour. One young man prayed with me personally to accept Christ. May the Holy Spirit continue to labor upon the seed that were sewn within their hearts.

THE WORK OF GOD IN JAKARTA CHURCHES

There were two services in “loving family church”. This is a big church and praise God, as I called for repentance and acceptance of Christ at the end of the sermon, many stood up with tears of repentance as the Holy Spirit worked in their hearts.

Likewise, in the “Palem Church” at the evening service, even though it was a smaller church, many stood up with tears of repentance as the Holy Spirit worked in their hearts as I called upon them to accept Jesus as their savior.

THE WORK OF GOD IN THE CITY OF SURABAYA

In my mother’s house, there were quite a few brothers and sisters that came and at the end of the sermon, some stood up to accept Christ or request for prayers.

In another sister in Christ ibu Yani’s home, we had fellowship with less than 20 people. Nonetheless, the Holy Spirit continued His own work among the few, as they all individually would like to pray with me for their personal problems.

DULOS MENTAL HOSPITAL IN SURABAYA

I had always had the touch to labor among the young men and women in the mental hospital in Surabaya. Both our brother Pak

Fredrick and Ibu July are wonderful servants of the Lord. They have dedicated themselves with charity to serve the Lord. Some of their patients that are currently living within the mental hospital, had been abandoned by their families. Yet, they continue to keep them at the mental hospital free of charge. May the Lord remember their work of charity and continue to bless them for their labor.

As I preached and sing Hymns together with them, many came forward to accept Christ. One young man by the name of Nuh came to pray with me, as he had issues of anger and unforgiving heart over his emotional entanglement in the past. May the Lord continue to set him free and bless him spiritually. Please continue to pray for these young men and women to be set free spiritually and mentally from the work of satan. Last year, we have the privilege of taking some photos with us.

JKI KUASA MUJIZAT CHURCH

Pastor Sumber, my nephew and Susi his wife are a wonderful couple that shepherd this church and are genuinely serving the Lord. They have shared with me many of their wonderful testimonies. On the day of the Christmas, as I preached in their church, satan was attacking my throat with super itchy bug and prevented me from preaching. It was totally the grace of God, that as I preached in the first few minutes, I had to resort to a cup of water in order to preach. However after about 10 minutes, the ticklish feeling on my throat disappeared as the Holy Spirit overtook my body and the whole place of worship. Praise God, many stood up and responded with tears of repentance, as the Holy Spirit worked in their heart, as I called them to accept Christ. May the Lord continue to bless His own work.

GPPS KUNTISARI CHURCH

It took my mom and myself sometime to locate this church, as we were lost quite a few times. Finally, thanks to God, we found this precious Church. Praise God, at the end of my sermon as I called for repentance and acceptance of Christ, many stood up to accept the Lord. Brothers and sisters and their pastors were very sincere and offered to serve dinner for us all. May the Lord continue to bless the seeds of truths sewn in the believers' hearts and remember their work of charity and kindness.

REHOBOT CHURCH

Ibu Maria is the sister in charge for this church. When I first was invited to preach in her church 3 years ago, she was not aware of the fact that I was Ibu Ellyanna's daughter. It was later on, at the end of the sermon, as I shared how my mother came to Christ after 28 years of prayers that she was delivered from her Buddhism that Ibu Maria nodded in agreement. To my surprise, she told me that she used to see my mother when she did her fortune telling years ago. How amazing that both my mother and Ibu Maria came to know Christ ever since. Indeed, it is the grace of God that brought all of us unto His salvation. The Holy Spirit continued to work among fellow believers, as some stood up in response to the calling of repentance at the end of the sermon.

GIBEON CHURCH

Dr Daniel and his wife Ibu Meti, were both shepherding this church. This year Dr Daniel our brother in Christ, had gone to be with the Lord. However, I would like to thank the Lord God as the Holy Spirit had led me into his church, preaching 3 times a day on Sunday for the past 3 years. At every preaching, many people including Dr Daniel with a heart of humility stood up for prayer request at the end of each sermon. May the Lord continue to bless His own work and Dr Daniel's church.

Prayerfully yours, His servant
